Yes Nancy, we will have space for a poster and that is correct – we will NOT have enough time for the presentation in the closed session, and his presentation will be in the open session.

Of course all of the good ideas from the EPA report can be communicated by you, Phil, and others in the know through the closed meeting working subgroup work.

THANKS!

Ben

Hi Ben,

Is there a poster area or session associated with the conference? Phil said there usually is in the morning, but I didn't see it on the agenda.

Second question, on the closed IS session draft, it didn't mention Phil giving a presentation, is he only doing the one in the open session now?

Thanks,
Nancy
